2. [REDACTED]

25X1A

Program, DOJ has asked for documentation -- for example, routing slips, registry log or card, showing that copy one of the December 1960 IG survey of the Office of Security was received by the Executive Registry or possibly signed for by the DCI. DOJ is interested in documentation that shows that the DCI read this document and was aware of the program. The IG survey was classified Top Secret and assigned the TS control number 172838.
